WHY PARTNER WITH US

Reach the people building Ghana’s tech future.

01

A curated audience

Connect with 70 registered guests who are actively building, investing in and shaping Ghana’s tech space.

02

Visibility beyond the room

Kweku Tech will produce a highlight video, short-form reels and social coverage before, during and after the event.

03

A timely conversation

This year’s theme puts AI and innovation at the centre of discussions about Ghana’s next phase of growth.

The first edition welcomed 65 attendees and 16 partner organisations.

ON THE PROGRAMME

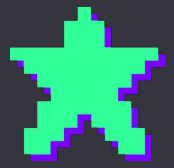

Four conversations. One shared focus.

01	The AI Creator: What Does It Mean to Create in 2026?	Creators and media
02	Building in Ghana: Are Developers and Designers Ready for the Next Tech Wave?	Developers and designers
03	Rules, Regulation & Innovation: What Kind of Tech Ecosystem Is Ghana Building?	Policymakers and regulators
04	Can Ghana Build a Tech Ecosystem That Actually Works?	Founders, investors, creators and developers

Speakers will be announced closer to the event.
